

# PRODUCT INFORMATION NOTICE

*PIN No:* LIT-71

*Date:* September 20, 2016

*By:* Karen Alvarado

*Issue:* Notification

*Subject:* Quantum Air™ large condensers and  
MultiCon small condensers

The new Quantum Air™ Remote Air Cooled Condenser models have been announced and are available to order. The Quantum Air condensers have many features and upgrades focusing on performance, energy efficiency, and accessibility. Advances include hinged leg and fan panel designs, heavy duty lifting eyes, lighted control panel, and a patented floating coil design that eliminates potential damage from operational vibrations.

The Quantum Air models are large condensers and utilize a new model number nomenclature. Refer to the Quantum Air product brochure [WT-WDS-0816A](#) for a complete listing of features, options, nomenclature and performance.

MultiCon small air cooled condensers now have a separate product brochure [WT-WDX-0816A](#). The small condenser models maintain the MultiCon model number nomenclature. Please refer to this new product brochure for detailed condenser information.

Please note: WT-WDS-0816A and WT-WDX-0816A product brochures replace the MultiCon WT-WDS-0414A product brochure and all previous versions.

Please refer to the Witt Quantum Air WT-WDS-0816A and Small Air Cooled Condenser WT-WDX-0816A product brochures for up-to-date information. The PDFs are posted on the website at <http://witt.htpgusa.com/literature/air-cooled-condensers/condensers> and printed copies can be ordered from the literature warehouse by using the form on the website at <http://witt.htpgusa.com/literature/order-lit/2011-08-02-05-57-24>.

## **ACTION:**

Distribute this information to your Reps and customers as required. Please update your Witt catalog with these new product brochures and retain this notice for future reference.
