

PRODUCT INFORMATION NOTICE

PIN No: TCO- 44 Rev. 1
Date: January 4, 2016
By: Karen Alvarado
Issue: Next-Gen ½ to 6 HP revisions
Subject: Next-Gen W-Series Literature Update

The following revisions have been made to Witt's Next-Generation W-Series ½ to 6 HP Multi-Refrigerant Air Cooled Condensing Unit literature (WT-WFH-1115B):

- Expanded nomenclature to include Pre-assembly Codes for Extended Range models. These pre-configured models will be stocked in our finished goods warehouses for quicker customer turnaround.
 - Blank = Standard configuration.
 - T = Includes mechanical air defrost timer in lieu of electronic air defrost timer.
 - L = Includes ED-kit with electronic timer in lieu of air defrost timer.
 - LT = Includes ED-kit with mechanical timer in lieu of air defrost timer.

These pre-assembly codes are only for the purpose of identifying finished goods that include optional components. Do not use these codes when ordering units to be built on the production line.

- Updated MCA electrical data for hermetic and scroll models.

Please refer to the Witt Next-Gen W-Series product catalog WT-WFH-1115B for up-to-date information and available options. The PDF is posted on the website at <http://witt.htpgusa.com/literature/condensing-units/air-cooled> and printed copies can be ordered from the literature warehouse by using the form on the website at <http://witt.htpgusa.com/literature/order-lit/2011-08-02-05-57-24>.

ACTION:

Distribute this information to your Reps and customers as required. Retain this notice for future reference.
