Subject: Witt List Prices Update

By: Raleigh Thompson

PIN #: W-PRI-46

Issue: Revised Witt Price List

Date: 11/12/2018

Witt's list price sheet, now named WLP 10-2018, has been updated and the PDF will be posted soon to the Witt website under the Support tab located at the top of the first page (select Pricing). Here is a direct link to the page: <https://witt.htpg.com/pricing/>.

Key changes made to this price list include:

- ASLA/ASLE - removed prices for Shaded pole motors - no longer available
- Added EcoNet Command Center prices to Next-Gen All-Temp Air and Electric Defrost pages, and added it to Optional System Components page
- Polar-Flo Unit Cooler - updated nomenclature and pages to remove previously discontinued variable speed motors and clarify hot gas reverse cycle as hot gas 2-pipe reverse cycle
- Next-Gen Proline - W*O230L4S added price for 460V/3
- Next-Gen II
 - Liquid injection remains standard for low temperature Scroll compressor models - no pricing change on those models. Liquid injection/Demand Cooling™ is now optional for low temperature Discus and Bitzer compressor models - prices have been reduced and footnotes updated to reflect this change
 - Air defrost timer moved to Options page
- QV-Series
 - Added QV-Series Bitzer compressor models and prices
 - Added LLS option prices (shipped loose)
 - Added Design Dealer Award logo
 - Added Compressor Unloading: Moduload prices for single and dual compressor models: DV015M, DD030M
- Removed discontinued WV-Series pages
- Removed discontinued WRW Series 1/2 to 5 HP pages
- Removed discontinued WRN Series Remote Compressor pages
- Quantum Air - Corrected VSEC 900 RPM heading to code G

Action:

WLP 10-2018 replaces all previous WLP prices lists. Please update your catalogs. You can download the PDF from the link above. The price sheets are not being printed at this time.

Please notify your representatives and customers of the availability of this price sheet update and send them the direct link to the website listed above.
