

Accessible COOLING High Efficiency

QV-SERIES CONDENSING UNITS™ 15 to 100 HP Air Cooled

The design of the QV-Series Condensing Units sets the new standard for efficiency, reliability and easy service access. Models incorporate innovation from our award-winning Quantum Air™ Condensers and add several industry-first features to make these units easier to install and service: Floored and lighted compressor cabinet with removable compressor tray, 110V service convenience outlet, service gauge hooks, separate high and low voltage control panels, and hinged and removable access panels. For more than 70 years, Russell has delivered advancements in commercial refrigeration. Now, we're re-inventing accessible cooling. Learn more at AccessibleCool.com.
