Subject: DOE Compliance Phase 2 Motor Offering Changes

By: Raleigh Thompson

PIN #: H-MIS-13

Issue: DOE AWEF compliance for
evaporators

Date: 04/22/2020

New Department of Energy Annual Walk-in Energy Factor (AWEF) regulations for evaporators for Walk-in Coolers and Freezers in boxes less than 3,000 sq. ft. go into affect on July 10, 2020. To comply with the new regulations, HTPG will be offering only dual speed EC motors on Next-Gen All-Temp, Center Mount and Low Velocity Center Mount units coolers after May 22, 2020. These changes apply to all brands.

Orders for "built-to-order" Next-Gen All-Temp, Center Mount and/or Low Velocity Center Mount models with PSC or single speed EC motors received on or before May 22, 2020 will be processed. After that date, only dual speed EC motors will be available to order for Next-Gen All-Temp, Center Mount and Low Velocity Center Mount unit coolers.

To support our customers in this transition, HTPG has increased the inventory levels of Next-Gen All-Temp with PSC motors.

Action:

Please let your customers know of these product changes.
